

I will Not bother anymore

We smoked your sisters cigarettes
None of us will ever forget
All the good times we had
Till you turn from best to bad

Together we explored our youth
Forever we said me and you
Must've been hard to do your task
To keep up your lovely mask

One day I'll just get up
One day it all will stop
One way or another
I will Not bother anymore

One day I'll just get up
One day it all will stop
One way or another
I will Not bother anymore

You fucked me over hard
I should've known from the start
I always believe in the good
More naive than I should - have been

You used me and cruised through me
Have fun with the swinging along
And I didn't want to see
That you we're butchering my song

One day I'll just get up
One day it all will stop
One way or another
I will Not bother anymore

One day I'll just get up
One day it all will stop
One way or another

For now I'll say fuck you
I know I will get through
Someday I'll be able
To wish you the best
But I had to get all of this off my chest

One day I'll just get up
One day it all will stop
One way or another
I will Not bother anymore

One day I'll just get up
One day it all will stop
One way or another
I will Not bother anymore
